INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary

Opinion

We have audited the accompanying consolidated financial statements of Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary, which comprise the consolidated statements of financial position as of July 31, 2025 and 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary as of July 31, 2025 and 2024, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dallas Center for the Performing Arts Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dallas Center for the Performing Arts Foundation, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dallas Center for the Performing Arts Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dallas Center for the Performing Arts Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The information on pages 29 - 30 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

1. NATURE OF OPERATIONS

Dallas Center for the Performing Arts Foundation, Inc. (the "Foundation") is an independent not-for-profit foundation established to construct and to operate a performing arts center (AT&T Performing Arts Center or the "Center") in the Dallas Arts District. The Center consists of the Margot and Bill Winspear Opera House, a 2,200 seat opera house; the Dee and Charles Wyly Theatre, a 575 seat theatre; Annette Strauss Artist Square, an outdoor amphitheater that holds 2,500 people; the Elaine D. and Charles A. Sammons Park, a 10 acre urban park; a separate 1,366 square feet Center Cafe building; and two underground parking areas, Lexus Red Parking and Lexus Silver Parking, that hold in excess of 850 cars. The Center was completed in 2013 and opened to the public, marking the completion of the Center construction. The venues are operated under the name of the AT&T Performing Arts Center.

1. NATURE OF OPERATIONS (continued)

Dallas Center for the Performing Arts Endowment, Inc. (the "Endowment") is an independent not-for-profit charitable trust established to support and benefit the Dallas Center for the Performing Arts Foundation and small arts organizations that perform or display arts in the City of Dallas. The Endowment was founded in 2017 with a gift from the Moody Foundation, which created the Moody Fund for the Arts within the Endowment. The fund's purpose is to provide flexible grants designed to supply a source of funding to emerging artists and innovative arts organizations in Dallas.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying consolidated financial statements of the Foundation have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP). These principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

The consolidated financial statements include the assets, liabilities, net assets and changes in net assets, and cash flows of the Foundation and the Endowment. The Endowment was organized in 2017 under the laws of the state of Texas as a supporting organization of the Foundation. The Endowment is included with the Foundation in the accompanying consolidated financial statements because the Foundation has an economic interest in the organization and controls the affiliated organization's Board of Directors. All inter-organization transactions have been eliminated. The Foundation and the Endowment are collectively referred to as the "Foundation" throughout these consolidated financial statements.

Net assets and changes therein are classified and reported as follows:

- *Net assets without donor restrictions* - Net assets available for use in general operations and not subject to donor-imposed restrictions. The Foundation's governing board may designate net assets without restrictions for specific purposes (see Note 9).
- *Net assets with donor restrictions* - Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions can be perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Net assets with donor restrictions can also include the portion of donor-restricted endowment funds that are not required to be maintained in perpetuity, until such funds are appropriated for expenditure by the Foundation. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed or when the stipulated purpose for which the resource was restricted has been fulfilled.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of accounting and financial statement presentation (continued)

Revenues are reported as increases in net assets without donor restrictions unless use of related assets are limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without restrictions. Expirations of donor-imposed restrictions are reported as net assets released from restrictions. Contributions with restrictions received and expended in the same fiscal year are recorded as net assets without restrictions.

Cash and cash equivalents

At July 31, 2025 and 2024, cash and cash equivalents consists of cash on hand and all highly liquid investments with an initial maturity of three months or less from the date of purchase. Cash and cash equivalents are reported at cost which approximates fair value.

Certificates of deposit

Certificates of deposits are recorded as cost plus accrued interest and have a maturity of three months or more. Certificates of deposit are not included in the fair value hierarchy as they are carried at cost and not fair value.

Investments and investment income

The Foundation records investments in marketable securities at fair value. Fluctuations are recorded in the period in which they occur by adjusting the carrying value of such investments and recognizing a net unrealized gain or loss. Realized gains and losses are recognized in the period in which they are earned or incurred. Interest income is recorded as earned. Gain or loss on investments is reported in net assets without donor restrictions unless its use is restricted by explicit donor stipulation or by the law.

Fair value measurements

The Foundation currently records investments in marketable securities at fair value. The Foundation applies the U.S. GAAP authoritative guidance for fair value measurements and disclosures, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. U.S. GAAP describes three levels of inputs that may be used to measure fair value.

Level 1 - Quoted market prices in active markets for identical assets or liabilities. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary
Notes to Consolidated Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurements (continued)

Level 3 - Unobservable inputs that are supported by little or no market activity, are significant to the fair value of the assets or liabilities and reflect management's assumptions and best estimates based on available data.

The determination of where an asset or liability falls in the hierarchy requires significant judgment. All investments for the years ended July 31, 2025 and 2024 are held at level one per the fair value hierarchy.

Accounts and other receivables

Other receivables consist of amounts owed from customers and are included on the accompanying statements of financial position at the original invoice amount less an allowance made for doubtful accounts. Management determines the amount of the allowance for doubtful accounts based upon a review of outstanding receivables, historical collection information, existing economic conditions, and by identifying troubled accounts. Based on the information available, the Foundation believes the allowance for doubtful accounts of approximately \$1,000 and \$20,000, respectively, at July 31, 2025 and 2024 is adequate. Historically, the Foundation has not experienced significant losses on other receivables.

Property and equipment

Expenditures for property and equipment are stated at cost or, if donated, at their estimated fair value at the date of donation. Such donations are recorded as net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when donated or acquired assets are placed in service.

The Foundation capitalizes property and equipment with a cost greater than \$5,000 and a useful life of greater than one year. Assets under capital lease obligations and leasehold improvements are amortized over the shorter of the lease term or their respective estimated useful lives.

Depreciation and amortization of property and equipment is computed using the straight-line method over the following estimated useful lives:

Furniture, equipment, and software	3 - 15 years
Leasehold improvements	5 - 40 years

The Foundation reviews the carrying value of long-lived assets to determine if facts and circumstances suggest that they may be impaired or that the depreciation or amortization period may need to be changed. The Foundation does not believe there are any indicators that would require an adjustment of the carrying value of its long-lived assets or their remaining useful lives at July 31, 2025 or 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Facility lease

On December 15, 2005, the Foundation entered into agreements with The City of Dallas (the "City") for the use of certain parcels of land and together with any permanent buildings and other improvements thereafter erected on the land, collectively referred to as the "Premises".

The initial term of the lease is 40 years, commencing on the date of the certificate of occupancy for the Premises and expiring on the last day of the month in which the 40 year anniversary occurs. The City granted the Foundation the right and option to renew and extend the term for 5 consecutive renewal terms of 10 years each. The annual base rent for the initial term is \$1,000 and the same rent will be due for each renewal term.

The Foundation received this promise to use, manage and operate the Premises during the term beginning January 29, 2010 and the City retains legal title to the land, building and improvements. The fair value of the Premises at inception was approximately \$260,321,000 and is being amortized (approximately \$6,508,000 in 2025 and 2024) over the remaining expected term of the lease of 40 years. The amortization is included in net assets released from restrictions and as part of facility expenses. The initial fair value of the Premises, net of accumulated amortization, is classified as right of use asset and net assets with donor restrictions in the accompanying consolidated statements of financial position.

Agency funds

The Foundation is the recipient of certain contributions or ticket sales receipts for which it is not the beneficiary. Accordingly, the proceeds collected from these activities are included in the accompanying consolidated statements of financial position included in cash and cash equivalents with a corresponding liability.

Bond issuance costs

In accordance with the accrual basis of accounting, bond issuance costs that are attributable to loans with an expected maturity of one year or less are expensed immediately. Bond issuance costs associated with loans having terms in excess of one year are capitalized and amortized to interest expense using the straight-line method over the term of the loan. Unamortized bond issuance costs are a direct deduction from bonds payable on the accompanying consolidated statements of financial position.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivables

The Foundation recognizes contributions when they are received or unconditionally pledged and records these amounts as net assets without donor restrictions or net assets with donor restrictions according to donor stipulations that limit the use of these assets due to time or purpose restrictions. Contributions expected to be collected within one year are reported at their net realizable value. Contributions that are promised in one year but are not expected to be collected until after the end of the year are discounted to present value of estimated future cash flows using a discounted rate commensurate with the risks involved. Amortization of any such discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. The Foundation records an allowance for doubtful accounts which is estimated based on management's analysis of the specific contributions receivable, in addition to a reserve based on historical collection experience, type of contribution, and nature of the fund-raising activity.

Conditional promises to give are not included as revenue or contributions receivable until such time as the barriers and right of release/return have been overcome. The Foundation received various conditional promises to give which depend on the occurrence of future events that will bind the donor to pay on a particular date. Due to the uncertainty of the occurrence of the events, the contributions will not be recorded until the conditions are substantially met. The Foundation had \$3,500,000 and \$3,600,000 at July 31, 2025 and 2024, of conditional promises to give upon settlement of the donor's estate or upon certain funding commitments related to the capital campaign. In addition, the cumulative matching bond redemption note, referenced in Note 7, is considered a conditional contribution as of July 31, 2025 and 2024.

Revenue recognition, deferred revenue and deferred sponsorship agreements

The Foundation generates revenue and support from multiple sources. Revenue is recognized when earned. Programming generates revenue from the sale of tickets to scheduled shows and special events held at the Center and other venues. The Foundation receives revenue per an agreement with the City of Dallas for operating and maintenance expenses and additionally receives revenues for the Foundation offering and implementing programs as outlined by the City of Dallas. Facility revenue includes resident company office occupancy rental payments and rental income and other event fees collected from performances held at the Center. The Foundation also generates revenue from specific services including box office, parking, food and beverage, event rentals, and database administration.

Cash received related to performances or special events that have not occurred as of the end of the fiscal year are deferred. Such deferred revenue is subsequently recognized upon occurrence of the related performances or special events. Deferred revenue associated with specific shows or series of shows, including ticket sales, facility fees, and handling fees are recognized on an event basis in the month in which the show closes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition, deferred revenue and deferred sponsorship agreements (continued)

Sponsorship revenue not associated with a specific presentation or event is recognized according to the schedule in each sponsorship agreement and is generally time specific. Sponsorships related to a single show or event are recognized during the month of closure of the specific presentation or event. Series sponsorships are amortized on a pro-rata basis across the series. Sponsorship payments received before earned are recorded as a deferred sponsorship agreement liability until earned.

Sponsorship arrangements

The Foundation has entered into several multi-year sponsorship agreements. In fiscal years 2025 and 2024, approximately \$4,795,000 and \$4,205,000, respectively, was recognized as revenue under the various agreements. The sponsorship agreements require certain annual performance standards including signage, program recognition, tickets and parking. The agreements also include termination provisions and, in one agreement, a refund obligation for funds already received in the approximate amount of \$7,209,000 and \$7,697,000 at July 31, 2025 and 2024, respectively, if the agreement is terminated which is included in deferred sponsorship agreements on the accompanying consolidated statements of financial position.

Donated goods and services

Donated goods are recorded at their estimated fair value when received. Contributions of services are recognized if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing these skills and would typically need to be purchased if not provided by donation. During the years ended July 31, 2025 and 2024, the Foundation received donated goods and services with a recorded fair value of \$108,916 and \$127,939, respectively. In-kind expenditures totaled \$74,728 and \$127,939 for the years ended July 31, 2025 and 2024, respectively. Such donated goods and services are included within contribution revenue in the accompanying statements of activities and in-kind expense in the accompanying statements of functional expenses.

Functional allocation of expenses

The costs, including depreciation and amortization expense, of providing the various programs and supporting services have been summarized on a functional basis in the accompanying consolidated statements of activities. The consolidated statements of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Salaries and related payroll expenses are recorded based on actual segregation of personnel by program or supporting services benefited. Depreciation is booked based on the asset's location and purpose.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising costs

The Foundation uses advertising to promote its programs. The production costs of advertising are expensed as incurred and include direct media, promotional items, and advertising contracts for public relations development. For the years ended July 31, 2025 and 2024, advertising costs were approximately \$1,549,000 and \$1,020,000, respectively. These expenses are included in marketing, social media, and sales expenses in the accompanying consolidated statements of functional expenses.

Income taxes

The Foundation has been recognized by the Internal Revenue Service as a nonprofit corporation exempt from federal income tax on its income, under Section 501(c)(3) of the Internal Revenue Code. The Foundation does not believe there are any material uncertain tax positions and accordingly, it will not recognize any liability for unrecognized tax benefits. For the years ended July 31, 2025 and 2024, there were no interest or penalties recorded or included in the consolidated financial statements. The Foundation is relying on its tax-exempt status and its adherence to all applicable laws and regulations to preserve that status. However, the conclusions regarding accounting for uncertainty in income taxes will be subject to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analysis of tax laws, regulations, and interpretations thereof.

Subsequent events

The Foundation has evaluated subsequent events after the consolidated statement of financial position date of July 31, 2025 through February 12, 2026, the date the consolidated financial statements were available to be issued and has determined there are no additional adjustments and/or disclosures required.

7. BONDS AND NOTES PAYABLE

In 2008 the Foundation issued \$151,020,000 of variable rate, tax exempt demand bonds (the "2008 Bonds") payable to the Dallas Performing Arts Cultural Facilities Corporation. The proceeds were used to refund existing bonds payable and associated issuance costs. The 2008 Bonds mature on September 1, 2041, and bear interest at a weekly interest rate as determined by the remarketing agents. The interest rates on the outstanding bonds averaged 2.85% to 3.80% for Series 2008-A and 2008-B, respectively, at July 31, 2025 and 0.95% to 3.49% for Series 2008-A and 2008-B, respectively, at July 31, 2024.

The 2008 bonds are backed by letters of credit issued by financial institutions which originally expired on December 31, 2021. The Foundation and the Banks responsible for the letters of credit associated with the 2008 bonds reached an agreement on May 14, 2018 to restructure the terms of the outstanding debt. The restructuring amended dates for bonds' retirement and expiration of the letters of credit to December 31, 2025.

In December 2020, the Foundation reached an agreement on terms to amend the obligations of the Foundation to its financial institutions in connection with the 2008 Letter of Credit and Reimbursement Agreements. Under this amendment, the financial institutions have agreed to release the remaining Capital Campaign pledges from their security agreement and allow the Foundation to request that all these donors convert such outstanding pledges to operational cash. As the Foundation receives these pledges, the financial institutions will redeem the Series 2008-A Bonds and the Series 2008-B Bonds in an aggregate amount equal to the actual amount of the Capital Campaign pledges received and converted by the Foundation. The amount of such redemptions made by the Banks will not exceed \$3,650,000 in the aggregate, or \$1,825,000 for each Bank. Prior to finalizing the December 2020 Agreement, the donors provided their consent to allow the Foundation to convert the future Capital Campaign pledges into general operating proceeds.

Any redemptions made by the financial institutions under the new terms will be converted to indebtedness represented by the applicable Bank Redemption Note and applied against the amount of redemptions required to be made by the Foundation pursuant to the terms of the Reimbursement Agreements.

The Foundation was required to make minimum redemptions of bonds outstanding each year ending December 31. Beginning in 2018, the Foundation may draw upon a separate letter of credit issued by financial institutions enabling matching redemptions starting with those amounts redeemed by the Foundation after December 1, 2017, up to a cumulative amount of \$48,620,000 as per the March 16, 2021 amended and restated Bond Redemption note. The balance of the letter of credit was reflected as a long-term liability which accrues interest at a rate of 2.85% per annum. In the event that the Foundation produces excess cash from operations or capital activities for the five-year period following the final bond redemption, this cash was to be used to repay the accrued principal and interest on the note. At the end of the five-year period, any outstanding principal and interest remaining was to be forgiven by the banks contingent upon the Foundation making all minimum payments during this period.

7. BONDS AND NOTES PAYABLE (continued)

In October 2024, the Foundation and the Banks responsible for the Letters of Credit associated with the 2008 Bonds (the Bonds) entered into an agreement to redeem the outstanding bonds. The Foundation refinanced its portion of the Bonds totaling \$4,500,000 with a term loan from another banking institution for the Foundation's portion of the Bonds redeemed. Concurrently, the Banks redeemed their portion of the Bond obligations, terminated the letters of credit, and terminated their rights to the Bank Redemption Note for \$400,000 in consideration from the Foundation. The new \$4,500,000 term note will maintain the same repayment schedule as the Bond agreement dated May 14, 2018 with an annual interest rate of 3.8%. The remaining balance of the term note at July 31, 2025 was \$2,550,000 and was repaid in full in December 2025.

The outstanding balance of the bank redemption note was \$40,860,000 at July 31, 2024 and was forgiven during the year ended July 31, 2025. The forgiveness of \$55,326,939 is recorded in the accompanying consolidated statement of activities.

8. ENDOWMENT

The Foundation's endowment consists of numerous accounts established for a variety of purposes including donor-restricted endowment funds. The net assets of endowment funds are classified and reported based on the existence or absence of donor restrictions.

Interpretation of relevant law

The Board of Trustees of the Foundation has interpreted the Texas enacted version of the Uniform Prudent Management of Institutional Funds Act (Texas UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment in perpetuity, (b) the original value of subsequent gifts to the endowment in perpetuity, and (c) accumulations to the endowment explicitly requested to be held in perpetuity in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified within net assets with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by Texas UPMIFA.

Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary
Notes to Consolidated Financial Statements
July 31, 2025 and 2024

8. ENDOWMENT (continued)

Interpretation of relevant law (continued)

In accordance with Texas UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund;
2. The purposes of the Foundation and the donor-restricted endowment fund;
3. General economic conditions;
4. The possible effect of inflation and deflation;
5. The expected total return from income and the appreciation of investments;
6. Other resources of the Foundation; and
7. The investment policies of the Foundation.

Return objectives and risk parameters

The Foundation has adopted investment and spending policies that attempt to provide a predictable stream of funding to programs supported by the endowment while seeking to maintain the real purchasing power of the endowment. Endowment assets are invested to yield a level of return to meet the objectives of the fund while adhering to a prudent level of risk.

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual donation. Deficiencies of this nature are reported in net assets with donor restrictions. These deficiencies typically result from unfavorable market fluctuations that occur shortly after the investment of new contributions restricted in perpetuity and continued appropriation for certain programs deemed prudent by the Board. Subsequent gains that restore the fair value of assets of the endowment fund to the required level are classified as an increase in net assets with donor restrictions. No deficiencies of this nature exist in donor-restricted endowment funds as of July 31, 2025 and 2024.

Dallas Center for the Performing Arts Foundation, Inc. and Subsidiary
Notes to Consolidated Financial Statements
July 31, 2025 and 2024

8. ENDOWMENT (continued)

Spending policy and how investments objectives relate to spending policy

The Foundation has a policy for appropriating for distribution each year, if requested, up to 4.5% of its endowment fund's trailing twelve-quarter average of the endowment's total asset value, with the expectation that, over time, the total real return (return net of inflation) from investments will exceed the endowment's pay-out rate, thus allowing real growth of the endowment assets. The Moody endowment fund has a separate spending policy to appropriate for distribution each year up to 4% of a rolling twelve-quarter average of the fair market value of the endowment. In establishing this policy, the Foundation considered the long-term expected return on its investments' assets, the nature and duration of the individual endowment funds, which must be maintained in perpetuity because of donor restrictions, and the possible effects of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return.

Strategies employed for achieving objectives

The Foundation investment objective is to earn inflation-offsetting returns that preserve the real value of the assets and, where possible, earn enhanced returns to achieve the spending objectives of the operations supported by the endowments. The endowment assets are invested in a diversified investment portfolio designed to achieve a balance of income and growth objectives within prudent risk constraints.

Endowment composition

Endowment net asset composition by type of fund is as follows as of July 31:

	2025	2024
Donor-restricted endowment funds:		
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	\$ 12,600,000	\$ 12,600,000

9. DESIGNATED NET ASSET PROGRAM

Commencing in July 2021, the Foundation's board of directors approved establishing a Designated Net Asset Program (DNAP) to address the Foundation's highest priority capital maintenance projects. This unrestricted fund can be adjusted as the Foundation executes or observes the need for additional capital projects. The total designated amount from July 2021 to July 2025 is \$8,292,415. As of July 31, 2025 and 2024, there was \$1,843,316 and \$2,385,607, respectively, remaining in the DNAP.

The annual five-year outlays are shown below:

Year ending July 31,

2026	\$ 1,712,441
2027	<u>130,875</u>
	<u>\$ 1,843,316</u>

10. NET ASSETS WITHOUT DONOR RESTRICTIONS

Net assets without donor restrictions showed a surplus of \$1,223,363 at July 31, 2025 and a deficit of \$52,991,676, at July 31, 2024. This deficit reflects the shortfall if all liabilities were immediately payable with existing net assets without donor restrictions. Furthermore, the deficit reflects the Foundation having transferred all facility assets to the City of Dallas, however having retained the bond debt associated with construction funding. Management believes the Foundation has sufficient funds to meet its current operating requirements as the bond debt was forgiven in October 2024 and a new term note was issued. See additional discussion of bond debt forgiveness in bonds payable in Note 7.

11. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consisted of the following at July 31:

	<u><u>\$ (7,653,501)</u></u>	<u><u>\$ (7,289,282)</u></u>

12. COMMITMENTS AND CONTINGENCIES

From time to time, the Foundation is subject to certain claims and contingent liabilities that arise in the normal course of business. After consultation with legal counsel, management is of the opinion that liabilities, if any, arising from such litigation and examinations would not have a material effect on the Foundation's financial position.

13. EMPLOYEE BENEFIT PLAN

The Foundation has a defined contribution employee benefit plan under Section 403(b) of the Internal Revenue Code. The Plan covers all eligible employees on the first day of employment. Each eligible employee may contribute to the plan. Matching contributions are given by the Foundation to each eligible participant and are based on the employee's contributions up to \$4,000. The matching contribution percentage, determined by management of the Foundation, was fifty percent for 2025 and 2024, with a maximum matching contribution of \$2,000. Employer matching contributions paid under this plan for the years ended July 31, 2025 and 2024 were \$140,686 and \$145,041, respectively.

14. CONCENTRATIONS AND CREDIT RISKS

The Foundation maintains its cash and cash equivalents in bank accounts which, at times, exceed federally insured limits. The Foundation has not experienced any such losses in such accounts and believes it is not exposed to significant credit risk on cash.

At July 31, 2025, contributions receivable from one donor equaled approximately 86% of the total contributions receivable. At July 31, 2024, contributions receivable from one donor equaled approximately 78% of the total contributions receivable.

Under an agreement with the City of Dallas ("the City"), the land and building of the Foundation are the property of the City and the City has granted the Foundation the use of the land and building at well below market cost through 2045. The Foundation records this lease as a right of use asset on the consolidated statement of financial position.

14. CONCENTRATIONS AND CREDIT RISKS (continued)

The City of Dallas revenue represents a grant from the City which is conditioned upon the Foundation organizing and presenting specific events. For both the years ended July 31, 2025 and 2024, the Foundation recognized \$4,000,000, as the barriers the grant was conditioned upon were met.

15. RELATED PARTIES

Related parties include members of the Board of Directors and affiliated organizations they exercise significant control over. There were contributions receivable from related parties of approximately \$251,100 and \$1,010,000 respectively, at July 31, 2025 and 2024.
